Wishing Happy BAL DIWAS
14th November 2020
JAWAHARLAL NEHRU JAYANTI

"I may not have time for adults, but I have enough time for children."

"Children are like buds in a garden and should be carefully and lovingly nurtured."

"Children do not think of differences among themselves."

"Only through right education can a better order of society be built up."

"Happiness is in the air, it is diwali everywhere" such was the November month as it reminds us to be thankful for many positive things happening in our life where we celebrated beautiful occasions with our loved ones.

"There are some things that we can't buy, one of such things is our childhood". Indo Public School enjoyed the spirit of Children's day on 14th November 2020 in the memory of Pandit Jawaharlal Nehru. Pandit Jawaharlal Nehru was enamored of children. He considered children as the real strength of the country and foundation of the society. He gave message to the whole country that "The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country". Since the pandemic restricted us from gatherings, Indo Public School conducted online singing and dance program of teachers for children. We celebrated it with gaiety.

Diwali symbolizes the spiritual victory of light over darkness, good over evil and knowledge over ignorance. Keeping this in mind Indo Public School celebrated diwali by making lanterns, toran, diyas, posters and colourful rangoli with incredible enthusiasm.

This diwali let us give thanks for our health, our family, our friends and to the grace of God that never ends. May the festival of light usher in the true spirit of unity, harmony and prosperity by heralding peace, joy and happiness for all.

Principal's Message.

On 14th November, 2020 Indo Public School celebrated Children's Day to commemorate the birth anniversary of Pandit Jawaharlal Nehru. Even in these times of confinement it is commendable that the Teachers went the extra mile to put up an extravagant show which proved to be a melange of colours, rhythm and pomp for all our students.

On the same day was Diwali. It is the festival of hope, victory, spreading happiness and celebrating life. This Diwali amidst the raging covid 19 pandemic, all of us decided not to compromise on making everyone around us smile. There was gaiety, warmth, splendour, glow of happiness and sparkle of joy. On this day we wished that our troubles be burned away and may we have a fantastic year ahead.

Happy Diwali

Topic: Children's Day in our school.

India celebrates Children's Day on 14th November every year as a tribute to Pandit Jawaharlal Nehru on his birth anniversary. Children called him Chacha Nehru due to his affectionate bond with children. Chacha Nehru believed that the country's future is determined by the children of today so he always encouraged the enlightenment of children for the better future. The same principle is followed by our school teachers. They always take efforts to boost up, not only our knowledge but also our physical and mental health. Our teachers never fail to encourage us with all our activities and they always try to keep us healthy and happy. Even in this lockdown the teachers of IPS have made us feel so special on children's day in such an adorable manner. I would like to thank all the teachers for such a pleasing surprise.

Thank You!!!

Teacher speaks

India celebrates 'Children's Day' or 'Bal Diwas' on 14th November every year on the birth anniversary of Pandit Jawaharlal Nehru.

Nehru always believed that children are the future of a nation and they should be given their rights and freedom. He also once said that "Children of today will make the India of tomorrow and the way we nurture them will determine the country's future."

Children's Day is also a way by which we work on the upliftment of those kids who are caught in the web of child labor and bring them back to the main stream of the society. The celebration increases the coordination among the children from different sections of society and reduces the psychological distance.

Topic :- Diwali

Diwali, a festival of lights is not only a festival of lights but also it is festival of joy, festival of bonds, festival of love, festival of togetherness and festival of happiness.

Diya (the symbol of diwali), symbolically tells us all about the diwali because the meaning as well as the moral of diwali is hidden inside the diya i.e like the bright light of diya blows off all the negative vibes and evil powers from the surrounding and enlightens the surrounding with bright, positive, true and happy light, like that only diwali sweeps out all the discrimination from society and spreads happiness and togetherness all over the surrounding. There was the pandemic COVID-19 this year, We've celebrated the diwali with the same joy as every year by following all the necessary precautions those are needed to be taken for prevention of deadly pandemic.

Again Happy Diwali to Everyone!!
