# MY FEELINGS AFTER BECOMING THE HEAD BOY OF INDO PUBLIC SCHOOL

---

My feelings after being elected for the treasured role of HEAD BOY, Indo Public School, Amravati, are inexpressible. Because it is not only a responsibility, or a post or an opportunity but it is a life long memory and experience.

From the time I had started learning political science I wanted to be a part of a committee that could bring a change, and today I got that opportunity to bring the change. That's a very mesmerizing feeling. Today also, I remember the day when I was facing my interview at Indo Kids Kindergarten School and became a part of the Indo Public School family and today our Principal Vijaya Baggadeo Ma'am, Vice Principal Yogesh Thakre Sir, My Class Teacher and all my teachers and the whole school management found me capable to be a part of the student council. For that, I want to express my gratitude towards them all, but the 26 alphabets in English are very few to express my thankfulness.

When I heard the election results, one person came to my mind and he is the 11th President of India, the beloved person and my role model Dr APJ Abdul Kalam. I will always keep his model in front of my eyes while working in this council for the welfare of the school. I will not make any false promises .

“When your actions contradict your words, your words don't mean anything.”

“Words may inspire but only actions create change.”<sup>1</sup>

In this online session as well, I will work for the welfare of the school. I will try my best and give my 100% to take this school to great heights so that it will be internationally recognised. I will always work to enhance the respect of this school and if I find any mistake, I will recognise and rectify it. I will always perform my duty with full motivation, dedication and determination.

“LEADERS ALWAYS THINK AND TALK ABOUT THE SOLUTIONS,

FOLLOWERS THINK AND TALK ABOUT THE PROBLEMS

~ Dr APJ Abul Kalam”

# MY FEELINGS AFTER BECOMING THE HEAD GIRL OF INDO PUBLIC SCHOOL

---

"Reality is created by the mind, we can change our reality by changing our mind."

As a young girl, I always believed that I was the "the leader type". I always felt the urge to contribute for the greater good and to always break boundaries and set examples. Being elected as the Headgirl of Indo Public School, for the academic year 2021-22, I see this as an incomparable opportunity to instil qualities, discipline and concordance in the lives of others.

Indo Public School has given me everything one could ask for. This school has carved in me a vision of dreaming to reach the zenith. Thereby, I desire to be an asset for this school and to be a leader who motivates all to desire more, unleash their true selves and meet their potentials to unlock their hidden treasures.

My true message to everyone who is reading this could be confined in this Ryan Gosling quote "I've learned it's important to not limit yourself. You can do whatever you love to do, no matter what it is"

BEST WISHES!

Thank you,  
Manasvi Agrawal  
(Head girl)
